Library Teams up with Tenino School District

New laptops in the library, plus internet access, will help students study and learn.

Tenino public school students will soon have more learning tools - computers and internet access - to help them with schoolwork and support their academic success.

Tenino students will soon have more learning tools in the library.

Here's how this came about:

Tenino School District (TSD) Superintendent Joe Belmonte and Timberland Regional Library (TRL) Director Cheryl Heywood signed an agreement last month authorizing TSD to loan five laptop computers to the Tenino Timberland Library beginning March 1, 2017 and ending June 30, 2018. Benefits to students will be evaluated to determine how this partnership is serving students.

Here is how it will work:

Students will be able to check out a laptop, connect to the library's internet and work on school assignments. Library staff members will manage checkouts and returns to ensure no TSD laptops leave the building. TSD computer technicians will provide maintenance and tech support.

The Tenino Timberland Library is located at 172 Central Avenue W. For more information, contact the library at (360) 264-2369, or visit **www.TRL.org**.

Timberland Regional Library provides for the information, reading and lifelong learning needs of the Grays Harbor, Lewis, Mason, Pacific and Thurston county public at 27 community public libraries and six library service partner locations. The library system is funded mainly by local property taxes. Anyone needing special accommodations to participate in a library's programs may contact the library one week in advance.
