## Grow vegetables in containers and other small spaces

If you've wanted to grow your own vegetables, but think you lack the space, Cindy Knight, expert gardener and nursery professional, may change your mind. Ms. Knight will share her know-how at the [Elma Timberland Library](#) on Wednesday, May 4 from 1 to 2 p.m.

Knight will focus on growing veggies in small spaces, with particular emphasis on container gardening. A certified Washington State Nursery Professional, Knight has been working with plants for over 40 years. She has special expertise on tomatoes, so chances are excellent that gardeners of all experience levels will be growing the sweet, colorful globes in pots on patios, stairs and balconies this summer.
