What does nuclear power mean to you? **Olympia library hosts nuclear power information night**

What does nuclear power mean to you? Join Rick and Diana Bradshaw at the [Olympia Timberland Library](#) on Thursday, July 21 at 7:30 p.m., for a discussion about nuclear energy. They will help explain current events, what happened to the reactors in Japan, and how those incidents can affect those locally and abroad. They will also show slides to illustrate points in the discussion.

Now retired, Rick operated nuclear power plants for the Navy. He was the Master Chief on a Nuclear Submarine. Diana is a mechanical engineer who has designed a number of power plants. The Bradshaws live in Winlock.

The Olympia Timberland Library is at 313 8th Avenue. For more information, contact the library at 352-0595 or go to www.TRL.org.

###

Timberland Regional Library provides for the information, reading and lifelong learning needs of the Grays Harbor, Lewis, Mason, Pacific, and Thurston county public at 27 community public libraries and 7 library service partner locations. The library system is funded mainly by local property taxes. Anyone needing special accommodations to participate in a library's program may contact the library one week in advance.
