## **It's March—Get Gardening! *Local plant man Alfredo Gomez-Beloz will tell how start***

Botanist Alfredo Gomez-Beloz will explain how easy it is to grow a great garden in “Get Gardening,” a talk to be presented on Wednesday, March 10 from 4 to 5 p.m. at the Tenino Timberland Library.

Gomez-Beloz will talk about how to get started gardening including doing raised beds. “For the Northwest, March is really when things start with some things being planted outside, others started inside,” explained Ryan Williams, manager of the Tenino library.

Gomez-Beloz is co-founder and Executive Director of All Together Farming a local not-for-profit organization that is currently working on three projects: a community garden, after-school gardening and micro-farming to provide wholesome produce. The organization’s philosophy “centers on developing holistic human cooperation for all who participate through the diversity of perspectives that create fruitful human experiences.” More information is available at [www.alltogetherfarming.org](http://www.alltogetherfarming.org). Gomez-Beloz holds a doctorate in Plant Science/Ethnobotany and a Master of Public Health.

The Tenino Timberland Library is at 172 Central Avenue W, Tenino, 98589. For more information, contact the library at (360) 264-2369 or go to [www.TRL.org](http://www.TRL.org).
