“Green Cleaning” made easy at the Yelm library

Jennifer Johnson from Thurston County Environmental Health will show how to have a healthy home and choose safer products for your household. The presentation will run from 6:30 to 8 p.m. on Wednesday, October 12 at the [Yelm Timberland Library](#).

Ms. Johnson will explain the benefits of cleaning with low-toxic cleaners that are easy to make, effective, smell good, cost less than commercial products, and don't pollute indoor air. She'll also provide supplies for you to make and take your own multipurpose green cleaner.

The County's Healthy Home Environment web page is www.co.thurston.wa.us/health/ehhm/. The Yelm Timberland Library is located at 210 Prairie Park Street, Yelm. Call the library at 458-3374 for more information or to reserve a space at the program.
